

Certificate

Indoor Air Comfort Gold

Unfaced, paper and aluminum faced Rock Mineral Wool with ECOSE® Technology

Certified Product

Knauf Insulation

Applicant

The product complies with Indoor Air Comfort Gold requirements for product type, version 6.0 (2017). These include both inspections of factory production according to DIN 18200 and VOC testing according to EN 16516 and the ISO 16000 series, each in the latest versions, by an ISO 17025 accredited laboratory, at regular interval.

Indoor Air Comfort Gold certification ensures that low product emission requirements are fulfilled and is a sign of the applicant's focus on quality and contribution to a healthy indoor environment.

Details are defined in Indoor Air Comfort Gold requirements, version 6.0 (2017).

Certificate No.: IACG-323-02-01-2018C

Date: 14 May 2018

Appendix to Certificate

IACG-323-02-01-2018C

Knauf Insulation

receives the Indoor Air Comfort Gold certificate with validity 18 January 2023 for below product group, including subgroups and individual products listed in the following table:

Product group

Production site

Unfaced, paper and aluminum
faced Rock Mineral Wool with
ECOSE® Technology

Novi Marof, Croatia
Nova Bana, Slovakia
Surdulica, Serbia
Queensferry, United Kingdom

The products in this group are based on identical or similar recipe and are produced under equivalent conditions. Grouping of the products and inspection of the production process is part of the Indoor Air Comfort Gold certification. A worst-case product, which is representative for the whole group, is being tested frequently.
