

In compliance with Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR), this certificate applies to the construction products

Thermal insulation products for building equipment and industrial installations – Factory made mineral wool (MW) products

for use as thermal insulation of building equipment and industrial installations subject to regulations on reaction to fire. Thermal insulation products made of glass mineral wool with and without aluminium facing with glass scrim and adhesive - polyethylene. Thickness 25 – 50 mm and organic ECOSE® Technology binder 4.4 % content.

Reaction to fire, class A1

Product name: Thermo-teK RL Eco and Thermo-teK RL Eco Alu

placed on the market under the name or trademark of

Knauf Insulation Ltd

Stafford Road, St Helens, Merseyside, WA10 3NS, UK.

and produced in the manufacturing plant

same as above

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in annex ZA of the standard

EN 14303:2009+A1:2013

under system 1 for the performance set out in this certificate are applied and that the factory production control conducted by the manufacturer is assessed to ensure the

constancy of performance of the construction product.

This certificate was first issued on 2021-01-18 and will remain valid as long as neither the harmonised standard, the construction product, the AVCP methods nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the notified product certification body.

Issued by notified body 0402.

The validity of this certificate can be verified at RISE homepage.
