

EC-TYPE EXAMINATION CERTIFICATE (MODULE B)

Certificate No: MEDB0003T6
Revision No: 3

Application of: Directive 2014/90/EU of 23 July 2014 on marine equipment (MED), issued as "Forskrift om Skipsutstyr" by the Norwegian Maritime Authority. This Certificate is issued by DNV GL AS under the authority of the Government of Norway.

This is to certify:

That the Surface materials and floor coverings with low flame-spread characteristics: decorative veneers

with type designation(s) **Surface materials**

Issued to

KNAUF INSULATION d.o.o. Novi Marof, Varaždinska, Croatia

is found to comply with the requirements in the following Regulations/Standards: Regulation (EU) 2019/1397,

item No. MED/3.18a. SOLAS 74, Reg. II-2/3, II-2/5, II-2/6 & X/3, IMO MSC/Circ. 1120, 2000 HSC Code 7 and IMO 2010 FTP Code

Further details of the equipment and conditions for certification are given overleaf.

This Certificate is valid until 2023-05-14.

Issued at Høvik on 2020-04-15

DNV GL local station: **Rijeka**

Approval Engineer: Karolina Kusmider

0

for **DNV GL AS**

Notified Body
No.: **0575**Roald Vårheim
Head of Notified Body

This certificate is valid for equipment, which is conform to the approved type. The manufacturer shall inform DNV GL AS of any changes to the approved equipment. This certificate remains valid unless suspended, withdrawn, recalled or cancelled. Should the specified regulations or standards be amended during the validity of this certificate, the product is to be re-approved before being placed on board a vessel to which the amended regulations or standards apply.

Form code: MED 201.NOR Revision: 2017-07 www.dnvgl.com Page 1 of 5

A U.S. Coast Guard approval number will be assigned to the equipment when the production module has been completed and will appear on the production module certificate (module D, E or F), as allowed by the "Agreement between the United States of America and the EEA EFTA states on the mutual recognition of Certificates of Conformity for Marine Equipment" signed 17 October 2005, and amended by Decision No 1/2019 dated February 22nd, 2019.

The mark of conformity may only be affixed to the above type approved equipment and a Manufacturer's Declaration of Conformity issued when the production-surveillance module (D, E or F) of Annex B of the MED is fully complied with and controlled by a written inspection agreement with a Notified Body. The product liability rests with the manufacturer or his representative in accordance with Directive 2014/90/EU.

Job Id: 344.1-005117-13 Certificate No: MEDB00003T6

Notes:

Application/Limitation

Approved for use as low flame spread surface material, not generating excessive quantities of smoke nor toxic products in fire.

Approved for use as decorative veneer on non-combustible substrate.

Any adhesive used, other than the one used during testing, has to be tested for low flame spread characteristics according to IMO 2010 FTP Code part 5 and to be approved according to the Marine Equipment Directive and bear the Mark of Conformity.

Maximum gross calorific value shall be documented separately where applicable, ref. SOLAS Chapter II-2 Reg. 5.3.2.

Each product is to be supplied with its manual for installation, use and maintenance.

Type Examination documentation

Test reports No.:

- 2005CSO1403/1 dated 7 March 2005 (Nobasil LSP 50 = LM 450 ALU),
- 2005CSO1403/2 dated 7 March 2005 (Nobasil SH 35 1 x AL = BD 035 ALU), all from RINA, Italy.

- 8117099919-10b dated 18 June 2019 (Sea-teK BD 200 WWS 43),

all from DMT GmbH & Co. KG, Dortmund, Germany.

Tests carried out

Tested according to IMO 2010 FTP Code part 5 and Annex 2 Item 2.2 (for product RL Eco ALU, BD 200 ALU and BD 035 ALU) and IMO FTPC Part 5 and Annex 2 Item 2.2 and in compliance with IMO 2010 FTP Code Ch. 8.

Marking of product

The product or packing is to be marked with name and address of manufacturer, type designation, fire-technical rating, Mark of Conformity and USCG approval number if applicable (see first page).
